

ANR Building Map Directions

From I-80, take Highway 113 north toward Woodland. Exit at Hutchison Drive. At stop sign, turn LEFT (or away from the central campus), following Hutchison Dr. about a mile.

*You will see a green airport sign right before Hopkins Road. Turn LEFT onto Hopkins Road. The ANR Building is first building on the RIGHT – metal building with blue roof and parking lot right in front of the building – (if you go too far, Hutchison dead ends at the Primate Center so turn around). If our parking lot is full, park next door in the gravel lot.

From I-5, take Highway 113 south (you would turn right off of 113 onto Hutchison Drive and follow *directions above)
