

## **APRIL 2008 RESEARCH SEMINARS**

### ***“Planting, Replanting, Varieties & Rootstocks”***

Dr. Greg Douhan, UC Riverside Plant Pathology Dept., will report on research towards productive, disease-resistant rootstocks. Farm Advisors will share insights on grove planting and renovation, plus the latest insights on rootstocks and avocado varieties. Salinity research and salt-tolerant rootstocks will be discussed. Poster boards will be on display for one-to-one communication with speakers.

**Tues., April 8** - 1:00 p.m. - 4:00 p.m.

UC Cooperative Extension Auditorium, San Luis Obispo
