

Asian citrus psyllid (ACP) found in Valley Center

This is to alert you that Asian citrus psyllid (ACP) has been found in Valley Center, in the citrus production area of San Diego County.

The Citrus Research Board will hold a special informational meeting for growers and other industry members this Saturday morning at 10:00 A.M. at the San Diego County Farm Bureau in Escondido at 1670 East Valley Parkway. CRB President Ted Batkin will lead a general discussion on the options and the action steps, including the government response -- quarantine and other -- and the industry's response. There is no need to RSVP for this meeting, but if you need additional information call the CRB office at (559) 738-0246.
