

New online course available from RightRisk:

Getting on Track: Better Management Through Basic Financial Statements, is a free, online course just posted to the RightRisk web site and is available for access by the general public. This is an important companion to our previous course *Getting on Track: Better Management Through Basic Ag Records*.

Course materials cover:

- Introduction
- Cash Flow Statements
- Balance Sheets
- Income Statements
- Statement of Owner Equity
- Where Do I Go From Here?

To access, point your browser to: <http://RightRisk.org>, and click on “products.”

A complete list of risk management courses hosted at this site includes:

- A Lasting Legacy course #1
- A Lasting Legacy course #2
- AGR-Lite Training course
- Feasibility of Alternative Rural Enterprises
- Insuring Success
- Getting on Track: Better Management Through Basic Ag Records
- Pasture, Rangeland, Forage (PRF) Pilot Insurance Program: Rainfall and Vegetation Index Plans
- Taxes for Agricultural Enterprises

Ag Survivor and *Risk Navigator SRM* are other RightRisk products developed by the RightRisk team. These materials may be accessed via the RightRisk URL provided above. Our hope is that you find these materials helpful for risk management education.
