

# Creating *The Ugly Vegetables* Story Retell Pyramid Sheet

## Supplies:

- ◆ Story Retell Pyramid Sheet, one for each child
- ◆ Scissors for each child
- ◆ Markers, crayons, or pencils
- ◆ Tape, glue, or stapler

## Instructions for Assembling the Story Pyramid:

1. Cut out the pattern following the dotted line. Fold along the solid lines. When reopened, the paper should be a square with fold markings for four triangles.
2. Cut from one point of the square, along the dotted line, to the center of the paper.
3. The triangle marked with an "X" will be folded under and not visible when completed.
4. Have the students draw a picture of what happened first in the story, in the middle of the story, and in the end of the story in the appropriately labeled triangles.
5. When the three drawings are completed, fold the one triangle with the "X" under to create the pyramid. Secure with tape, glue, or staple.
