

Keeping Your Landscape Green in the Current Dry Conditions

Don't let the drought get you down. This workshop will teach you landscape tips to maintain your plants during the current dry conditions. Riverside Master Gardeners will also be on hand with information to help you keep your landscape green.

Thursday, May 8, 6 to 8 p.m.

**Western's Landscapes Southern California StyleSM
450 E. Alessandro Blvd., Riverside CA**

This workshop is a partnership between the University of California Cooperative Extension and Western Municipal Water District.
