

11 Good Reasons to Worm Compost

- Turn worthless kitchen scraps into valuable compost for your garden
- The worm compost leachate is a great liquid fertilizer
- Keep the kitchen scraps out of the landfill. Up to 30% of landfill garbage is kitchen waste.
- Worms make great pets. You don't have to walk them, you can leave them when you go on vacation and you don't have to clean up after them.
- Don't feel bad when you have fruits and vegetables go bad
- Worm bins don't take up much space, can go in any corner
- Help children and grandchildren learn about worms.
- Is a timely conversation starter at parties
- Is a ready supply of bait for those who like to fish. Warning, you may get too attached to your worms to use them for bait.
- Worm composting is fun and easy. You don't have to turn a big pile.
- You are never too old or too young to enjoy a worm bin
