## Recognition & Media Coverage

Awards, media coverage and other forms of public recognition are an important factor in measuring the effectiveness of PSE work. If you have received any recognition for the work done at this PSE site during the current reporting year this section is where you will list it.

- To add an award/recognition or media coverage click [Add Recognition & Media Coverage](#).
- Next, select the Type of Recognition or Media Coverage from the following options:

Type \*

-----

New Award / Recognition

Award / Recognition Renewal (Same Level)

Award / Recognition Renewal (Increase in Level)

Media Coverage

- If you are adding an award or some form of recognition you will need to give the name of the award, the group or organization who presented you with the award, the ranking of the award (gold, silver, bronze, N/A if it does not apply), and the date the award or recognition was received. If you add media coverage you will need to choose what kind of coverage it was, give it a name or brief description, give a link to a web page showing the coverage if available (if a link is unavailable give other reference information), estimated number of people reached, and the date of the coverage.

Once you have filled in all details click [Add](#) to add the recognition or media coverage to your PSE Site Activity.

- Click [Add Recognition & Media Coverage](#) to enter additional recognition and media coverage or click the "Sustainability" hyperlink to navigate to the "Reflection" section.
