

Landscape Consultants at the 2018 Fall for Plants Workshop & Sale

The following lists some of the landscape design professionals who have generously contributed their time and expertise to provide free landscape consultations at the 2018 Fall for Plants Workshop & Sale. No endorsement of any specific business is intended. Please contact any of these landscape designers directly for further services.

JANET COHEN

Honest Gardens

925-963-4344

<http://honestgardens.com>

janet@honestgardens.com

Janet Cohen is a Walnut Creek resident who works in the East Bay creating personal, sustainable gardens. She is a certified Bay Friendly Designer and a member of the Association of Professional Landscape Designers, and holds a degree in Landscape Architecture from Merritt College. Her hand-drawn designs emphasize California natives, drought-tolerant plants, and green practices to produce livable, low-maintenance gardens that echo the natural landscape. She strives to give each of her clients a garden that articulates their own aesthetic for them to use and cherish for years to come.

ALISON FLECK, APLD

Simply Perfect Gardens

707-747-9463

<http://www.simplyperfectgardens.com>

alison@simplyperfectgardens.com

Alison is a dedicated, fulltime designer with a flare! With 30 years in the landscape / horticulture / design world she has a deep understanding and passion for your landscape design. She has learned to communicate what she knows in a way that is easy to understand and works with your ideas to make your garden simply perfect for you. When not at the drawing board, Alison volunteers for the California Native Plant Society and the Benicia Tree Foundation and is a member of the City of Benicia's Parks, Recreation and Cemetary Commission. Alison is an active and certified member of the Association of Professional Landscape Designers (APLD).

LORRAINE FREY

In the Garden

925-933-7058

Inthegarden.lorraine@gmail.com

A professional California landscape designer and Certified Bay Friendly Landscaper for many years, Lorraine specializes in designing sustainable gardens. With gardening as her passion and recognizing the

water challenges in California, she became a Certified Qualified Water Efficient Landscaper (QWEL) which provided training in water-wise landscape practices, including plant selection, irrigation system design and water management. She provides a range of services: from design to working with clients interested in doing their own installation, or to making available her dedicated crew to provide complete installation—whatever works best for the client. She is a volunteer with the UC Master Gardener Program of Contra Costa County where she frequently gives talks on building healthy soils, pruning, and sustainable gardening practices.

LINNEA LION

Lion-Arted

925-289-6891

<http://www.lion-arted.com>

Linnea.lion@gmail.com or linnea@lion-arted.com

Linnea Lion is a California native living in Walnut Creek who has combined over ten years of formal art education with several years of study in the areas of horticulture and landscape design. This background enables her to guide her clients toward making informed decisions in the practical use, aesthetic appeal and enjoyment of their gardens. The combination of these skills, including over four years of performing landscape maintenance in the Bay Area, provides Linnea with the knowledge of plant performance in our local climate and soil conditions while creating artistic plant combinations to feature and highlight texture, color, scale, and balance to suit the architecture and hardscape elements of each job site. Linnea is a volunteer with the UC Master Gardener Program of Contra Costa County.

KATHLEEN OLSON

Kathleen's Garden Landscape Design and Consultation

925-408-7361

<https://kathleensgarden.smugmug.com/> (portfolio)

kathleensgarden@gmail.com

Kathleen Olson is a Certified Landscape Designer and Bay Friendly garden professional who lives in Lafayette, CA and has been creating beautiful, sustainable gardens for over 10 years. In addition to her own designs, as a Design and Horticultural consultant for a local Landscape Architecture firm, she has had experience uniting challenging conditions with environmentally friendly design to create havens for local residents and wildlife. Nothing gives her more pleasure than helping a client to use and appreciate their outdoor areas and take advantage of our local climate natural beauty.

The UC Master Gardener Program of Contra Costa County thanks all the participating landscape designers who contibuted their time and expertise to the 2018 Fall for Plants event.
