

Valley Oak Pest Complex Workshop

Learn about the biology and management options for the recently detected exotic ambrosia beetle, *Xyleborus monographus*, found in dead and declining valley oaks in northern Napa Valley. The workshop will also include a discussion on regulations for sudden oak death, other wood pests, and wood movement.

ISA credits available.

The workshop will be hosted in two locations:

Monday, February 24: 9-11 am

Napa Valley College (Rm. #7), 1088 College Ave, St Helena, CA 94574

Tuesday, February 25: 9-11 am

UCCE Sonoma, 133 Aviation Blvd #109, Santa Rosa, CA 95403

Space is limited. Please Register at:
