

Videos of the Organic Soil Fertility Series Meetings Now Available.

Posted by Richard Smith and Joji Muramoto

On March 2, 9 and 16, 2021 we held the sessions of the Organic Soil Fertility Series. The videos of those sessions are now available. The links to each session are listed below along with the topics covered and the presenters.

Part 1: <https://youtu.be/WcukYVTeWQg>

Estimating Nitrogen Contributions from Cover Crops and Soil Organic Matter and the Role of Soil Microbes in Providing Plant-Available Nitrogen

Presenters: Margaret Lloyd, Daniel Geisseler and Louise Jackson

Part 2: <https://youtu.be/Ts1T-Dt2ucw>

Estimating Nitrogen Release from Organic Amendments and Irrigation Water

Presenters: Patricia Lazicki, Margaret Lloyd and Michael Cahn

Part 3: <https://youtu.be/GoTNhd-eSR0>

Putting it all Together: Nitrogen Management in Strawberries and Vegetables and Discussion of New Concepts in Organic Nitrogen Nutrition

Presenters: Joji Muramoto and Richard Smith
