

Helpful Sites

for Educators & Parents

[KidActivities.net/category/theme-gardening](https://www.kidactivities.net/category/theme-gardening)

"1000's of Ideas for Childcare Professionals & Teachers"
Great ideas and recipes for garden projects for kids of all ages!

[KidGardening.org](https://www.kidgardening.org)

This site has not only garden activities & garden basics, but lesson plans for different age groups, grant-writing tips, education resources and *more*.

[eartheasy.com/grow_gardening_children.htm](https://www.eartheasy.com/grow_gardening_children.htm)

Tips to garden with children. A list of veggies rated for success in the garden. And much more.

extension.unh.edu/Community-Gardens/Gardening-Children

University of New Hampshire Cooperative Extension site has a section, "Gardening with Children", with a thoughtful approach to the subject. *(Be aware that some info on this site is based on New England data.)*

ucanr.edu/sites/UC_Master_Gardeners

No fun ideas for children but this site has lots of science-based information on all areas of gardening---Tulare & Kings Master Gardeners---specific to the San Joaquin Valley.

There are many more sites available with fun, exciting projects & thoughts to instill a love for the garden if you look.
