

# Pneumonia prevalence and management in pre-weaned dairy calves

Betsy Karle

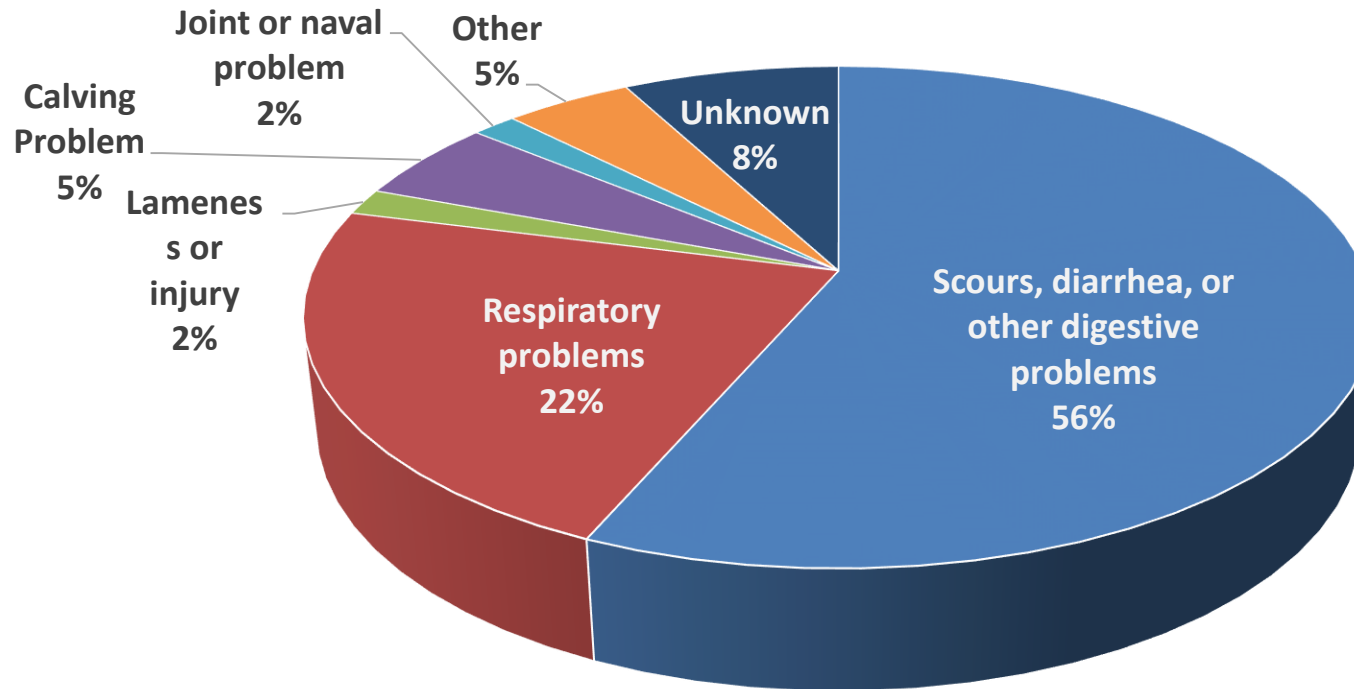

University of California

Cooperative Extension

Dairy Advisor – Northern  
Sacramento Valley

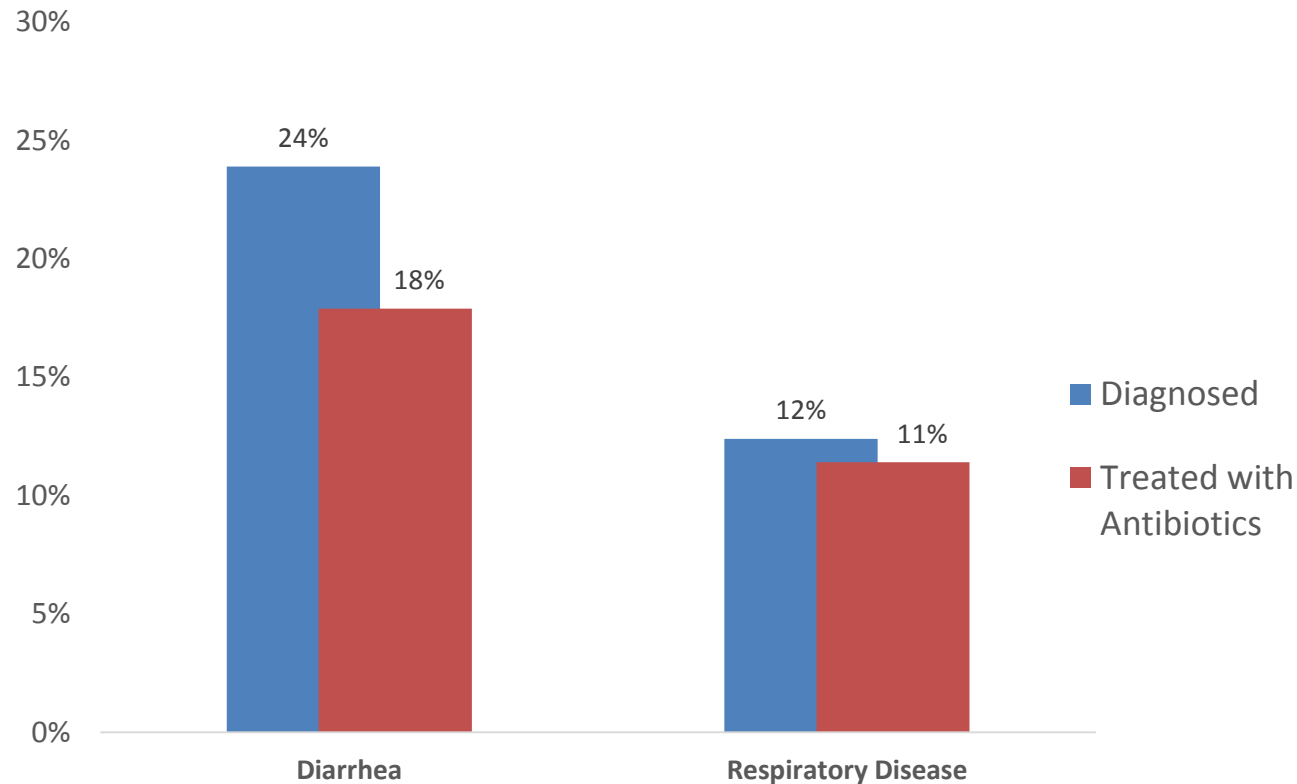

# What's Killing our Calves?

7.8% death rate for pre-weaned calves in U.S.

NAHMS 2007

# What's making calves sick?

NAHMS 2007

# Disease Monitoring & Prevention

Is a scoring system or facility specific protocol used to diagnose pneumonia?

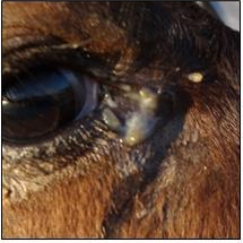

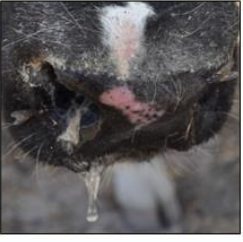

Which of the following signs are regularly used to diagnose pneumonia in calves on your dairy?

Karle et al. 2014

## ***Bovine respiratory disease scoring system for pre-weaned dairy calves<sup>1,2</sup>***

| <b>Clinical sign</b>   | <b>Score if normal</b>   | <b>Score if abnormal (any severity)<sup>2</sup></b>   |  |  |
|------------------------|--|---|--|--|
| Eye discharge          | 0   | 2  Or  Or     |  |  |
| Nasal discharge        | 0   | 4  Or  Or     |  |  |
| Ear droop or Head tilt | 0  | 5  Or  Or  |  |  |
| Cough                  | 0 No cough   | 2 Spontaneous cough   |  |  |
| Breathing              | 0 Normal   | 2 Rapid or difficult breathing  |  |  |
| Temperature            | 0 < 102.5° F   | 2 ≥ 102.5° F  |  |  |

**Add scores for all clinical signs, if total score is ≥ 5, calf may be positive for bovine respiratory disease**

 3: Any abnormality including, but not limited to, the examples shown in the above pictures.

**Table 1: Demographics and Prevalence by Region**

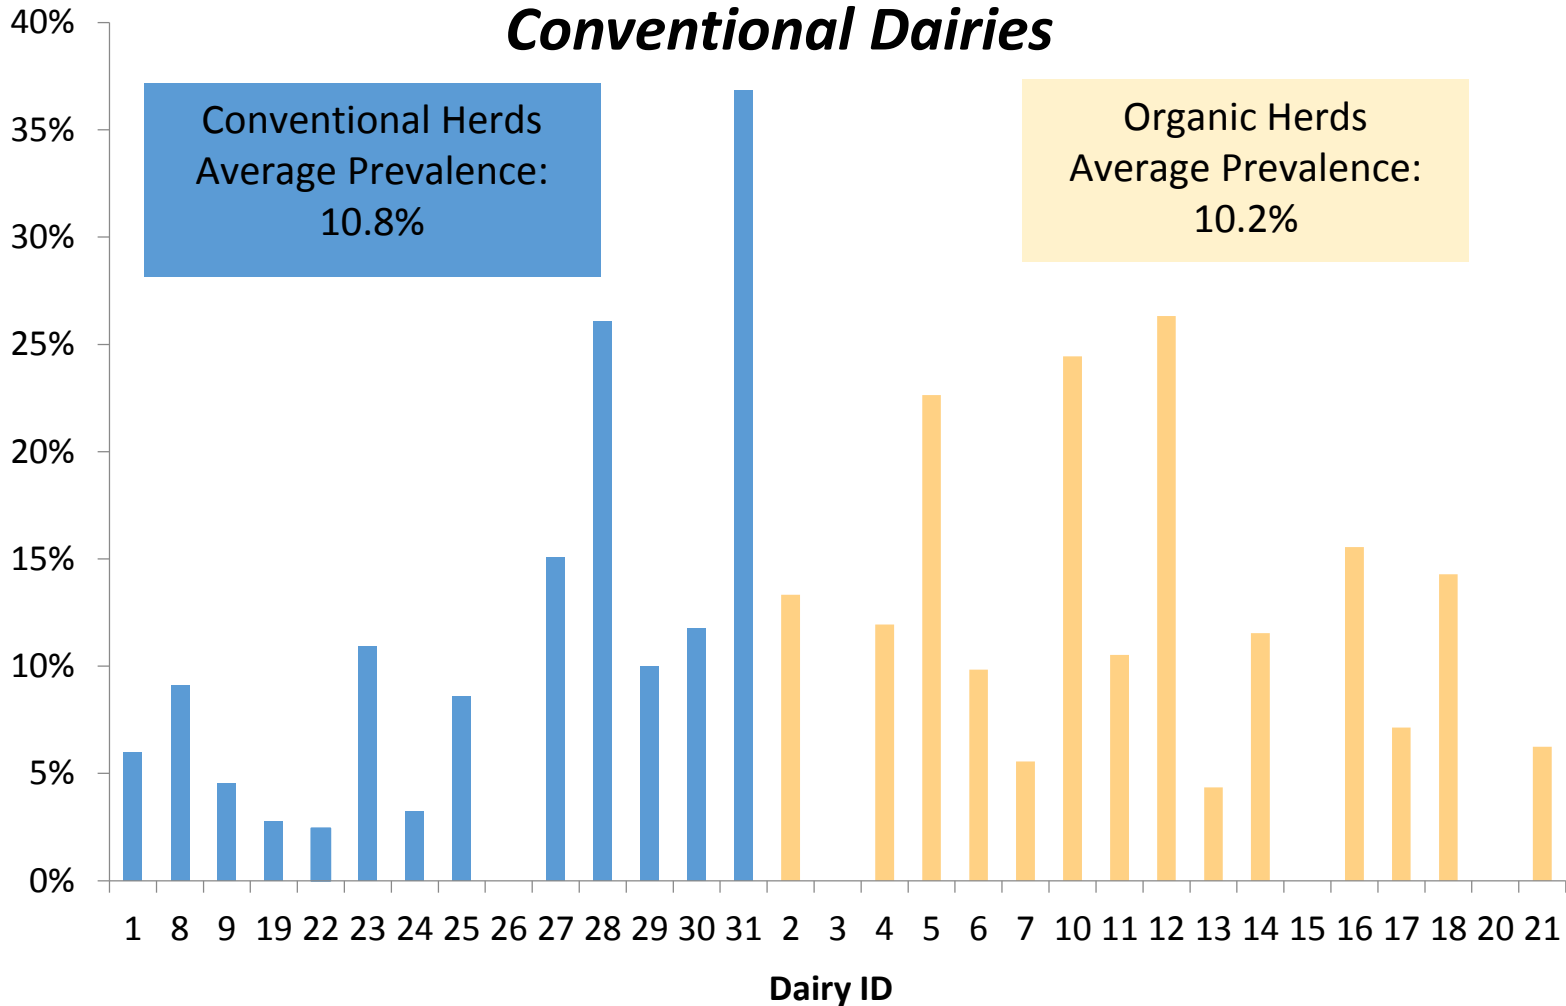

|  | <b>Region 1</b>                          | <b>Region 2</b>                               | <b>Region 3</b>                          |
|--|--|---|--|
|  | <b>Humboldt &amp; Del Norte Counties</b> | <b>Sonoma, Marin &amp; Mendocino Counties</b> | <b>Glenn, Tehama &amp; Yuba Counties</b> |
|  | <b>Mean (range)</b>                      | <b>Mean (range)</b>                           | <b>Mean (range)</b>                      |
| <b>Herd Size</b>                           | 788 (120-3,500)                          | 305 (185-570)                                 | 1,009 (175-3,300)                        |
| <b>Qts. colostrum fed in first 12 hrs.</b> | 4.25 (3-8)                               | 3.4 (2-8)                                     | 3.6 (1-6)                                |
| <b>Age calves moved to group pens (d)</b>  | 95 (30-150)                              | 77 (10-110)                                   | 62 (21-100)                              |
| <b>No. pre-weaned calves on site</b>       | 117 (17-450)                             | 58 (23-150)                                   | 163 (20-500)                             |
| <b>BRD prevalence (%)</b>                  | 10.7 (0-24.4)                            | 8.9 (0-26.3)                                  | 12.5 (0-36.8)                            |

# Prevalence of BRD in Pre-Weaned Calves by Region

Dairy ID

# Prevalence of BRD on Organic and Conventional Dairies

## *Prevalence of BRD by Herd Size*

## Group Housing and BRD Prevalence

|  | Odds ratio | Std. Error | p-value |
|--|------------|------------|---------|
|--|------------|------------|---------|

### Number of calves per pen

|                      |      |       |        |
|----------------------|------|-------|--------|
| One                  | †    |       |        |
| Each additional calf | 1.08 | 0.013 | <0.001 |

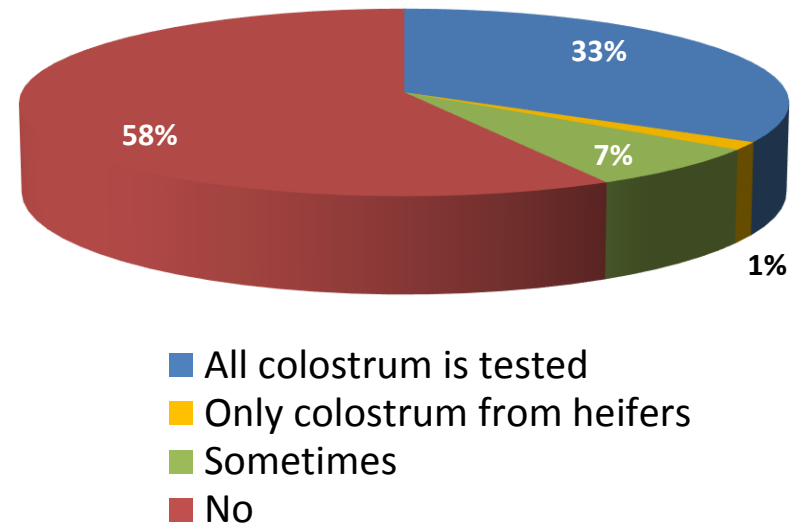

† = reference category

# Colostrum Management

Is colostrum pasteurized?

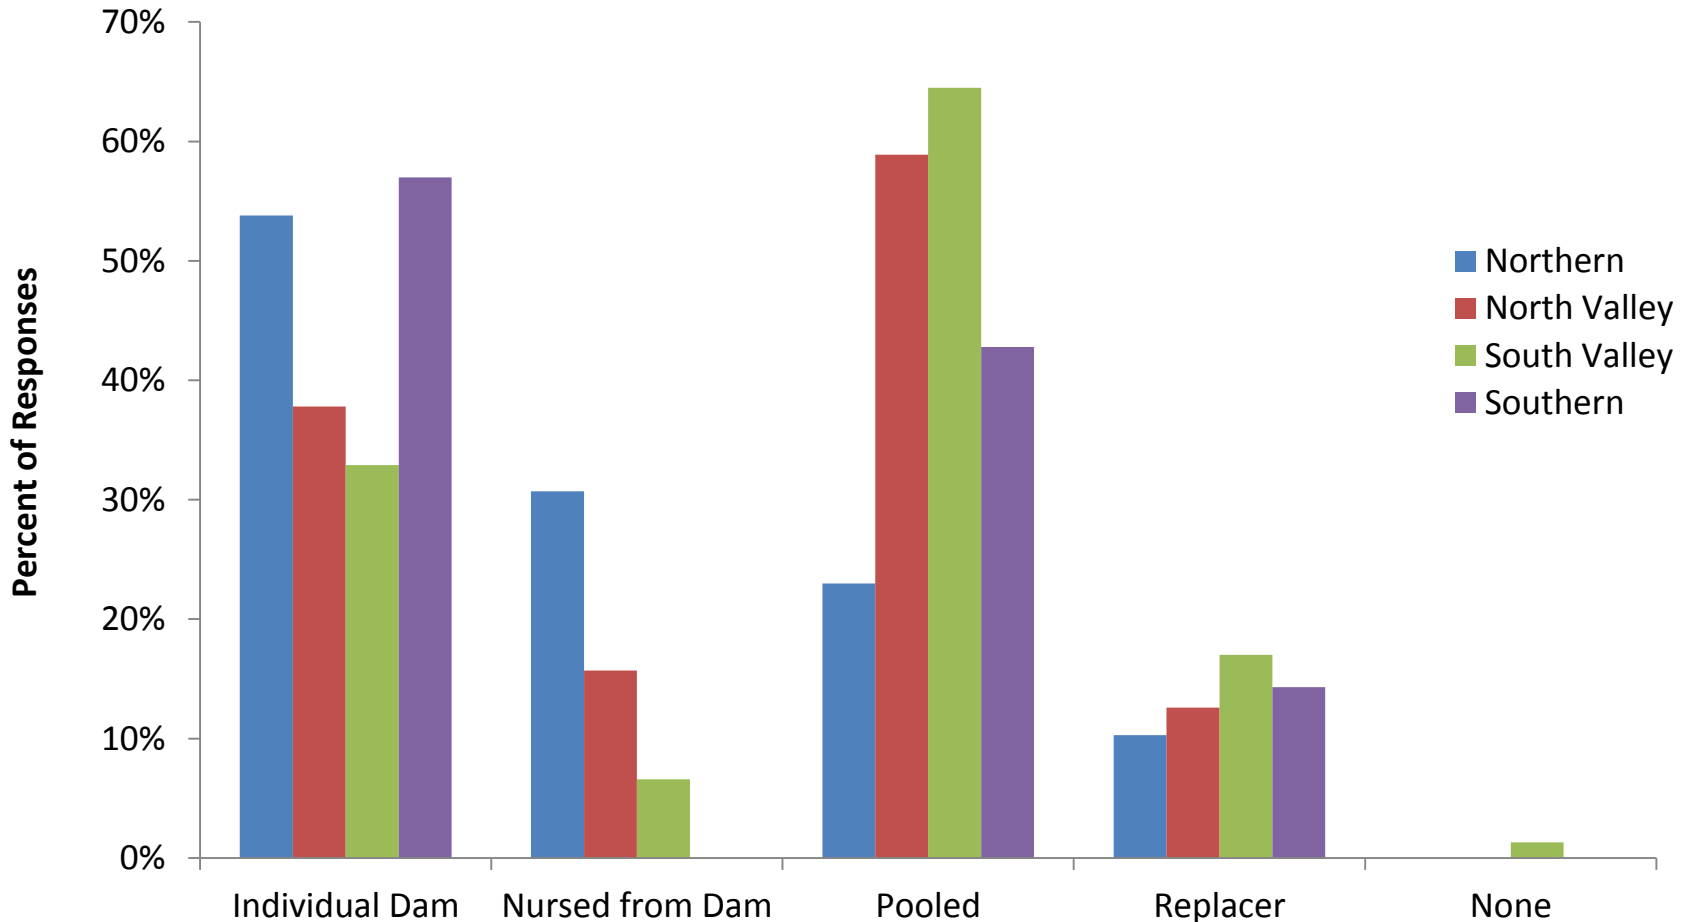

Is colostrum quality tested (i.e. refractometer or colostrometer)?

Karle et al. 2014

# Colostrum Source for Heifer Calves

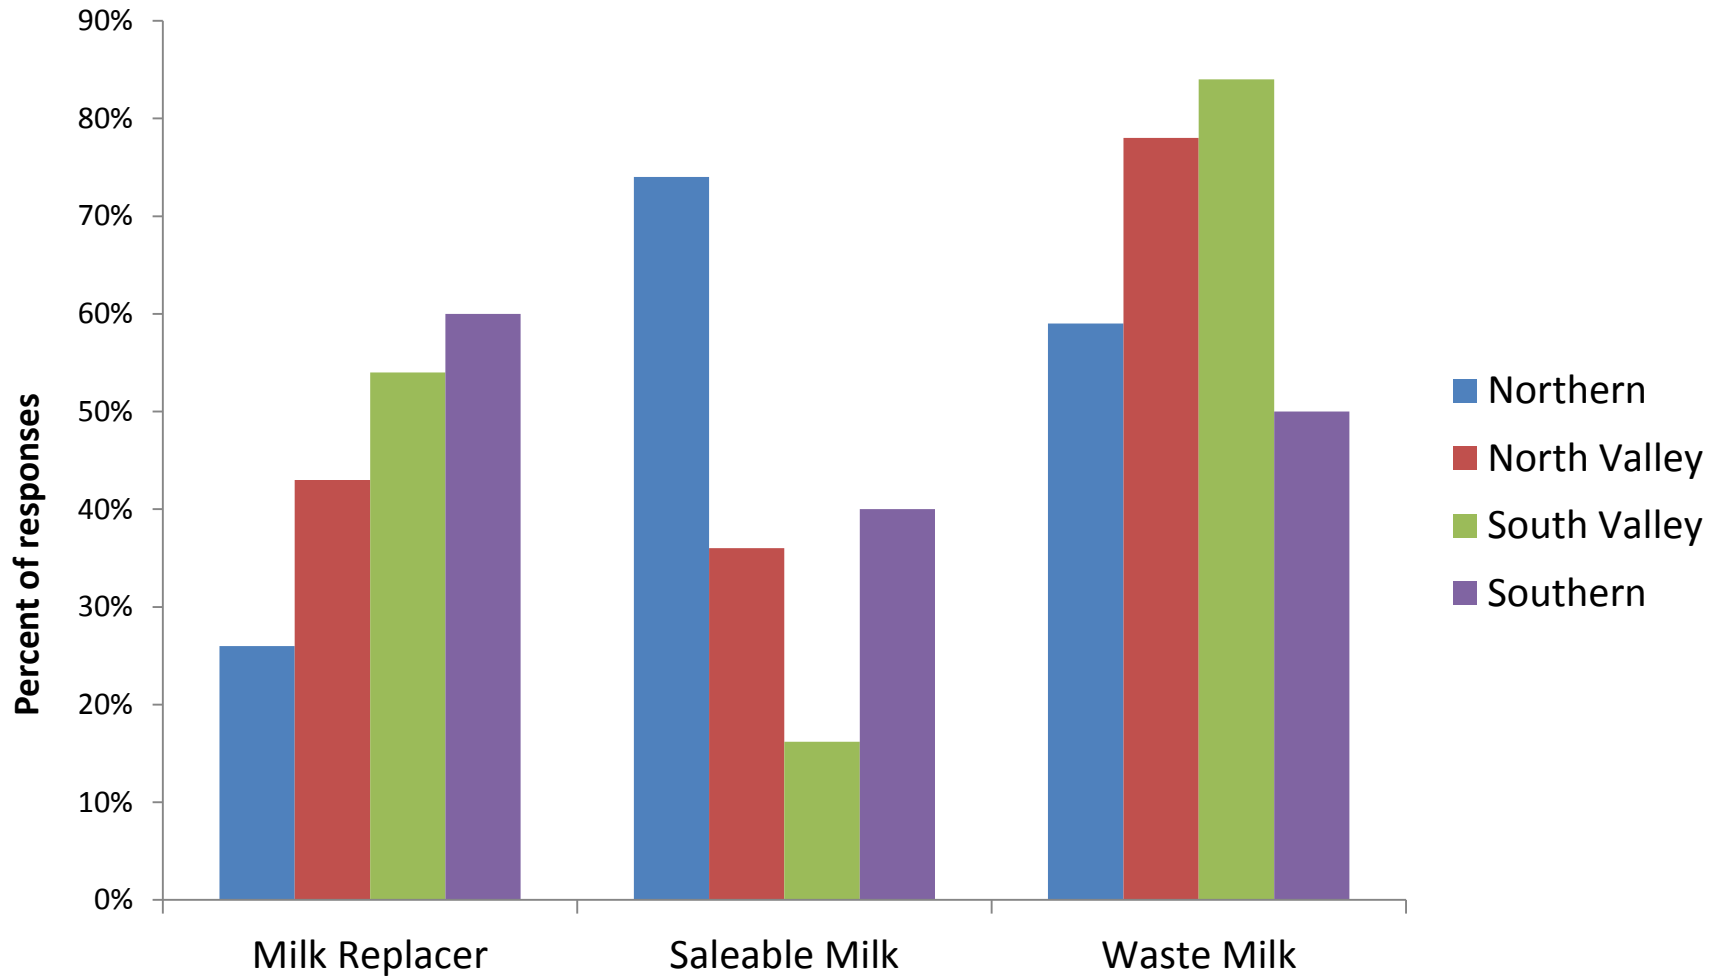

Karle et al. 2014

# Colostrum Volume (quarts) in first 12 hours

Karle et al. 2015

# Source of Milk

Karle et al. 2014

# Calf Milk Management

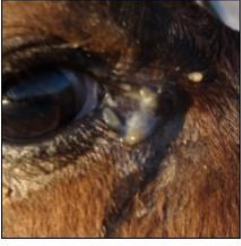

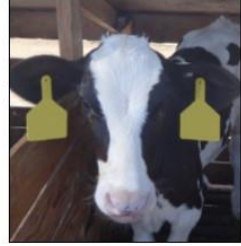

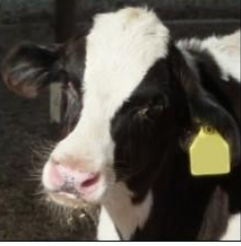

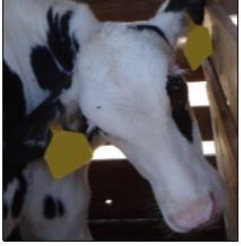

Are any of the following used to treat or supplement the milk or milk replacer?

■ Medicated                      ■ Pasteurization  
■ Milk plus Replacer          ■ Other  
■ None

Karle et al. 2014

## Enfermedad respiratoria sistema bovina (BRD) de puntuación de los lecheros pre-destete<sup>1</sup>

| Síntomas Clínicos                 | Puntos normal  | Puntaje anormal (cualquier gravedad) <sup>2</sup>   |  |  |  |
|-----------------------------------|--|---|--|--|--|
| Secreción Ocular                  | 0   | 2  Or  Or     |  |  |  |
| Secreción Nasal                   | 0   | 4  Or  Or     |  |  |  |
| Oídos Caídos/<br>Cabeza Inclinada | 0  | 5  Or  Or  |  |  |  |
| Tos                               | 0 No tos   | 2 Tos Espontanea  |  |  |  |
| Respiración                       | 0 Normal   | 2 Respiración Rapida, Dificil, Fatigada   |  |  |  |
| Temperatura                       | 0 < 102.5° F   | 2 ≥ 102.5° F  |  |  |  |

**Añadir puntajes para todos síntomas clínicos si la puntuación total es ≥ 5 pantorrilla puede ser positive para BRD**
