## UC ANR Contingent Worker (CWR) Data Changes Form

### **Workflow:**

Review below on the established form workflow.

1. UC ANR Initiator completes the Initiator Section of CWR form.
2. The form is routed for approval signatures, as appropriate
3. CWR Applicant acknowledges changes and signs form
4. Initiator submits HR ServiceNow ticket at <https://ucanr.service-now.com/esc> as “Other HR Request” and informs HR completed forms have been uploaded to BOX.
5. HR Operations - Reviews request and justification and informs the Initiator if approved.
6. HR Operations - Submits request in UCPATH and advises once processed.
7. Department - Coordinates appropriate access changes to secured systems, as needed.

### **Additional Instructions:**

- **Name:** The Name field references the name an employee uses, which can be different from their legal name (for example, a middle name that an employee goes by or a name that aligns with their gender identity).
